

Neighbourhood Support North Shore
Creating safe, resilient and connected communities.

Street Contact - **What's** involved?

- Complete the self-study Street Contact training provided, or request a training session either via Zoom or in person.
- Once you completed the training, we encourage you to create a new email account, e.g. Gmail. For the purpose of sending Intel/information to people in your NSNS street group. For example - hendersondriven@gmail.co.nz
**This is optional you can use your personal email address if you prefer.*
- Encourage your neighbours to join the group, thought a street get together, letterbox drops or email if you already have that connection. Members can join up at <https://northshore.getsready.net/> or complete a Household Joining form.
- Forward our monthly Intel and newsletter email solely to the registered members in your group.
- When using the Household Joining Forms ensure the completed forms are returned to the NSNS Office, we will then send out their Household Joining Packs directly from our office to them.
- Keep your group's detail as updated best you can.
- Put NSNS Street Signs up in your street, for any assistance please contact our office.

By joining your local group you are saying:

"I am interested in my neighbourhood and the safety of everyone who lives in it"
